

PDF Upload

This is a PDF, it might be a curriculum vitae, questionnaire, directions to the location, menu, or any other information.

PDF is a universally reliable document format designed to preserve layout, typography, and content exactly as intended across all devices and platforms, making it ideal for sharing, archiving, and presenting information in a fixed, professional form.

- Consistent formatting across devices and operating systems
- Difficult to accidentally edit, preserving document integrity
- Widely supported without needing special software
- Can embed fonts, images, and multimedia in one file
- Supports security features like password protection and permissions
